David Takayoshi Suzuki (born March 24, 1936), is a Canadian science broadcaster and environmental activist. Since the mid-1970s, Suzuki has been known for his TV and radio series and books about nature and the environment. He is best known as host of the popular and long-running CBC Television science magazine, *The Nature of Things*, seen in syndication in over 40 nations. He is also well known for criticizing governments for their lack of action to protect the environment.
